Professional Summary

SOC Analyst Trainee with hands-on cybersecurity experience and a First-Class BSc (Hons) in Computer Science. Skilled in HUMINT-style OSINT investigative techniques, now applying this toward infosec workflows. Ranked in the top 2% globally on TryHackMe (114 completed rooms, 16 badges).
Currently preparing for CompTIA Security+ to strengthen expertise in SIEM, SOC operations, and incident response.

Technical Skills

- Security and Threat Detection:** SIEM (Splunk), Sysmon, Windows Logs, OSINT
- Scripting and Programming:** Python, Bash, PowerShell, C, ARM ASM
- Systems Admin:** Group Policy, Linux Hardening, Virtualisation
- Incident Response:** Wireshark, TCP/IP, Firewalls

Cybersecurity Projects

- ActiveReconLite** · *Python Port Scanner* FEB 2025 – MAR 2025
Built a Python-based TCP connect port scanner using multiprocessing. Scanned 65k ports in 5s (vs Nmap's 5m). It validates user input, grabs banners, and writes results to a file. Demonstrates automation, socket programming, and parallel scanning.
github.com/mbeardwell/active-recon-lite
- Location and Identity Resolution from Minimal Public Signals** · *OSINT Case Study* APR 2025
Tracked real-world identity from anonymised YouTube uploads using public data. Shows attacker thinking, threat profiling, and privacy risk awareness.
github.com/mbeardwell/osint-i3-case-study
- Faster Dynamically Instrumented Programs** · *Bachelor's Thesis* OCT 2022 – MAY 2023
Built a runtime patching tool on ARM Linux to redirect processor instructions in memory. Mirrors techniques used in evasive malware — useful for SOC detection and threat hunting.

Professional Experience

- Building expertise during ongoing health recovery. Not currently available for roles. Open to future opportunities.*
- SOC Training and Labs** · *TryHackMe (Self-Led Learning)* FEB 2022 – PRESENT
Developed hands-on expertise in SIEM, threat hunting, and security automation through 114 cybersecurity labs (Top 2% globally). Applied log analysis, detection logic, and SOC tooling in simulation labs.
- Retail Assistant** · *Max Spielmann (Prince's Trust Work Placement)* FEB 2024 – MAR 2024
Processed transactions, assisted customers with self-service kiosks and mobile integration, and ensured secure deletion of processed passport photos.
- Private Tutor** · *Freelance* SEP 2016 – NOV 2019
Supported children with pre-GCSE homework, primarily in maths; adapted explanations to varying ability levels in informal settings.
- Research and Documentation Intern** · *Indo UK Institute of Health* JUN 2017 – AUG 2017
Conducted market research on employee benefits and strategic partnerships, providing executives with key insights. Edited and reformatted high-level strategic documents that shaped discussions on a billion-pound health-care initiative.

Education and Certifications

BSc (Hons) CS · <i>King's College London</i>	1st Class	SEP 2018 – JUL 2023
A-Levels · <i>King's Maths School</i>	A* A* A* A*	SEP 2016 – JUL 2018
Certifications		
CompTIA	Security+	(IN PROGRESS)
TryHackMe	Intro to Cyber Security	FEB 2024
TryHackMe	Pre-Security	APR 2022
Security Blue Team	Intro to OSINT	JUN 2025
Prince's Trust	TEAM (12-week programme incl. First Aid)	JAN 2024 – APR 2024
